## Mayor, Three Council- lors and Two School Trustees' Terms Expire

Little Stir Up to Present in Municipal Affairs and No Contentious Issues Disturb Ratepayers

To-morrow evening in the council chamber, the annual meeting of ratepayers for the school district and the town will be held. The only meeting, so far, held to consider nominating candidates is that of the United Front in the Ukrainian hall, which was announced for Sunday last. Invitations were extended to other organizations to send delegates to this meeting, but several declined.

Coleman Miners Association plan on a meeting on Sunday, Jan. 28, when it is likely they will consider candidates. No individual effort has been made nor organized effort to boost candidates.

Herbert Snowden has announced his intention to run as candidate for the mayoralty.

Those whose terms expire on the council are Frank Serak, Fred Antrobus, Lewis Jones, Mayor G. Pattinson.

School trustees' terms expiring are R. Sudworth and George Hope. Nominations take place on Monday, Feb. 5, and elections a week later.

### INSTALLATION VICTORIA REBEKAH LODGE

Lodge No. 7, Coleman, installation was held on Jan. 9, the following officers taking part: Sister E. Hope, district deputy president; Sister Ford, deputy marshal; Sister Lonsbury, deputy warden; Sister Morncy, deputy secretary; Sister Joyce, deputy chaplain.

Officers installed: Past Noble Grand Sister Ford; Noble Grand, Sister Surtees; V. G. Sister Antel; recording secretary, Sister Hoggan; financial secretary, Sister Neilson; treasurer, Sister Brown; R. S. Sister Yates; L. Sister White; warden, Sister Boudsticker. Prize winners in this competition, conductress, Sister Evans; chaplain, Sister Higginsbotham.

On conclusion of the installation lunch was served, which was enjoyed.

The date of the appearance in Coleman Community Hall of the Scottish Musical Comedy Co. has been changed to Wed. Feb. 21 at 8 p.m. Watch the Journal for details.

A man's folly is his worst foe, and his discretion his best friend.

### CZECHOSLOVAKIANS TO HAVE NEW CONSUL

Dr. F. Pavlasch Will Replace Dr. K. Moser.

A man who was a judge during the regime of Emperor Franz Josef will be the next Czechoslovakian consul of Montreal, replacing Dr. Karl Moser, for whom a farewell dinner is being given shortly.

The new appointee is Dr. Frantisek Pavlasch, now in the Foreign Affairs Department, commercial branch, at Prague. Before the war, when his country was part of Austria-Hungary, Dr. Pavlasch was a judge. He entered the consular service at Prague after the war. From 1922 to 1928 he was in London.

Dr. Karl Moser, whom he replaces, was, after service both at home and abroad, charge d'affaires at Budapest in 1927, and then returned to his capital. He has spent four years in Montreal, and returns within a week to his native country.

"I am sorry to leave, for I like Canada and Montreal very much and it is one of my regrets that I have not seen more of it," said Dr. Moser.

## Carmichael's Rink Won West Canadian Competition Blairmore 'Spil

Harry Boulton's Rink Won Three Prizes, J. A. McLeod and S. Moores Two; J. Bell One

Sam Moores rink played through to the finals in the bonspiel at Blairmore, being defeated by Carmichael in a close game with a score of 11-10.

At the end of the eighth end, the score was tied at six-all. In the ninth Carmichael jumped into the lead by scoring three. Moores came back in the tenth and tied the game up by getting three. Carmichael scored two in the 11th and Moores could only reply with one in the 12th. Carmichael winning by 11 to 10. (Owing to mild weather the ice was very sticky. Prize winners in this competition, Carmichael, Blairmore, first; Moores, Coleman, second; Kerr Bellevue, third, and Allison, Pincher Creek, fourth.)

It is reported that two Coleman rinks will visit Bellevue next Monday evening to try and lift the Burns' cup.

They always talk who never think. —Pope.

The higher our position the more modestly should we behave.—Cicero.

## HERE IS A CALL "TO ARMS!"

It is a friendly rallying call, the objective being better business for Coleman Merchants. The time for the drive is NOW. The field for action is in business, and it should be planned for a full 90 days duration.

Merchants will find fine material in advertising their goods by using The Journal advertising and cut service. Striking displays for specific needs, which represent the ammunition which will see you through until reinforcements are brought up.

As Lindy said when all set for Paris: "Well . . . it's time to hop."

## The Coleman Journal

The Paper which goes into the Homes and is read by the Whole Family.

## Art Exhibits on View in St. Alban's Parish Hall

Object Is To Encourage Appreciation of Good Pictures—Adults Will Be Welcomed as Well as School Pupils

Arrangements have been completed by Principal Hoyle for the exhibition of the Carnegie Art Collection on Friday and Saturday in the parish hall. The collection includes about 100 pictures, occupying 1200 square feet, and it will be a very attractive exhibit.

An attendant accompanying the pictures will give short talks to the students concerning them, and the exhibit is open to the general public. The local expense is being met by the school board. Admission is free.

Examples of embroidery work from various Arts and Crafts Societies are also shown with the collection. The public are urged to take advantage of the opportunity to view the exhibits.

### FIRST AID EXAMINATIONS

Fifty-one candidates took First Aid examinations on Jan. 14, in connection with Coleman branch of St. John Ambulance Association. Examiners were J. McAndrews of Calgary and Mr. and Mrs. Harry Instone of Hillcrest.

The results will be made known as soon as received from the examining board.

### IN MEMORIAM

IN LOVING MEMORY of our beloved daughter Nancy, who died Jan. 22, 1932.  
Not only today, but every day in silence we remember.  
Mrs. and Mrs. G. A. Brown and Olive.

### ST. ALBAN'S CHURCH

Sunday, Jan. 28, Septuagesima, service will be at 12.30 p. m. Sunday school; 7 p. m. evensong and sermon.

Admonish your friends in private, praise them in public.

## COLEMAN WINS FROM BEARCATS BY SCORE OF 4-3

Blairmore Whacks Home Only Goals in Dying Moments of Play

COLEMAN, Jan. 24.—Blairmore Bears in the last 16 minutes of play were saved from what had every indication of being a shut-out by Martini, wing player, scoring three goals against Coleman Canadians' four goals. In their seventh league game of the season. Two were assisted by Bill Johnson and one was shot in from a scrimmage.

As a last desperate effort in the third period, Goalkeeper McPhail was withdrawn and Bearcats played a five-man attack with one player on defence. One goal was scored while Jenkins of the Canadians was in the penalty box. First period combination of Lilya and Bill Fraser to Jenkins scored the only goal of the period. In the second, Bill Fraser scored on an assist from Jenkins and Jimmy Joyce unassisted; score 3-0. Two minutes from face-off of the third period Jenkins and Fraser pressed the attack. In the last 16 minutes, scoring two more goals. Johnson and Jenkins of Canadians were the only penalties.

The Line-Ups  
Bearcats—McPhail; Johnson, McAndrew, Houbregas; Tony Vejprava, Oakes, Martini, Patterson, Vanduren, Post.  
Canadians—Colgrove; Johnson, Kwanyne, Gardner; W. Fraser, Lilya, Jenkins, Jim Fraser, Joyce, Brown.

Referee—W. Gates.  
Coleman's concluding game of the series is at Bellevue on Jan. 25. League standing: Coleman, 13 points; Bellevue, 3; Blairmore, 2.

Every back hath its pack.

### HOWSON WILL NOT REPEAL DEBT ADJUSTMENT ACT

The leader of the provincial Liberal party states in a communication to The Journal:

"From all parts of the province I have received word that the supporters of the Brownlee government are spreading the story that if any other government went into power the Debt Adjustment Act would be immediately repealed. This, of course, is not the case insofar as the Liberal party is concerned. We made our position perfectly clear at the last session of the legislature. By reason of the fact that I had heard these rumours from so many different parts of the province, I took occasion at a meeting of the Young Liberals in Edmonton to repeat the position of the Provincial Liberal party regarding the Debt Adjustment Act."

"Conditions appear bad in Saskatchewan, with bank clearings at Regina down to almost half of what they were at the same time last year," stated Walter S. Purvis, sales manager for International Coal and Coke Co. Ltd., who recently returned from a trip to Winnipeg and other cities.

## Will Honor Immortal Memory in Song and Story on Friday Evening

Caledonian Society Expect Crowded House for Tomorrow's Celebration in Community Hall.

The 175th anniversary of the birth of Robert Burns, the famous Scottish bard, will be celebrated by Coleman Caledonian Society and friends on Friday evening, Jan. 26.

A banquet, at which addresses will be delivered by prominent Scots of Coleman and Pass towns, will be followed by a program and a grand dance.

It is a night favored not only by those of Scottish descent, but by many of other nationalities, who admire the sturdy characteristics of the Scottish people and who love to join with them in this festive occasion.

## Address on "The Covenant- anters" Interests Brother- hood Weekly Meeting

Rev. John Wood of Bellevue Gave Ill-  
lustrated Lecture Showing How  
Scotland Fought for Presby-  
terianism.

Members of the Men's Brotherhood enjoyed the lecture on Monday evening by Mr. Wood, who depicted the struggle of the Scottish people in the fifteenth and sixteenth centuries to maintain their religious liberty against the kings of England. Splendid pictures were shown of scenes of those stirring times, among them being the famous battle at Bothwell bridge, where after a brave fight the Covenanters were defeated owing to defection within their ranks.

A picture was also shown of the Covenanters seizing Archbishop Sharp who had been sent by the English parliament to investigate the troubles. His conduct had been so oppressive to the Covenanters that they decided to execute him, his death taking place at Magus Moor.

Many of the Covenanters were martyred for their adherence to their religious beliefs, and after a century or more of struggle rights were granted whereby they were permitted to worship in their own way. Out of the struggles was developed the Westminster Confession of Faith.

A vote of thanks was passed to Mr. Wood on behalf of the Brotherhood by H. T. Halliday, vice-president, in the absence of G. Pattinson, president, who has been indisposed for two weeks. Mr. Wood stated he would like to organize a similar club to the Men's Brotherhood in Bellevue, and invited members down as soon as a meeting is arranged.

### BIBLE CLASS ST. ALBAN'S CHURCH

### Town of Coleman

## Annual Meeting Friday, January 26, 1934 in the Council Chamber

at 8 p. m.

Financial Report for 1933 and reports of committees will be submitted.

PUBLIC NOTICE is hereby given that a meeting of ratepayers of Coleman School District No. 1216, will be held in the Council Chamber, Town of Coleman, on Friday, January 26th, 1934, at 8 o'clock p.m.,

Dated at Coleman, Alberta, this 11th day of January, 1934.

JAMES FORD, Secy.-Treas.

## Important Notice From Coleman School Trustees Pay Taxes Now and Avoid Penalty

Re Arrears of Taxes for Coleman School District, if same are paid on or before FEBRUARY 15, 1934, the penalty of 5 per cent. will not be added.

Those in arrears are urged to PAY NOW and AVOID THE PENALTY.

JAMES FORD, Secretary-Treasurer.

## Study Plan For Short Time Credits To Assist Agriculture

Ottawa.—The problem of supplying the farmers of Canada with short term and intermediate term credits where such are necessary to enable the farmers to continue operations, is being seriously studied here. A plan will be mapped out and submitted to the government probably based on co-operation between the Dominion and the provinces.

Over the weekend a conference was held with Dr. W. C. Clark, deputy minister of finance, at which the deputy provincial treasurers for Alberta and Manitoba and the debt adjusting commissioner of Saskatchewan participated.

No details of the conference were made public but it is understood the provinces placed at the disposal of the department of finance all the data they had collected.

Although only the prairie provinces were represented at this conference, any plan to provide agriculture with credits would be Dominion-wide in its scope. Short term credits would be those for loans up to one year and the intermediates would be up to five years.

The Macmillan commission report on banking stressed the need of relieving the banks of responsibility for supplying credits to agriculture and the report of the Dominion-provincial conference here last week stated that the commission's suggestion was being studied by the Dominion and provincial authorities.

### Shows Great Improvement

Bureau Of Statistics Issues Annual Review Of Employment

Ottawa.—Reflecting a steady march of workers back into gainful employment after long or short periods of idleness, the Dominion bureau of statistics has issued its annual review of employment covering 1933. A distinct upward trend, starting about April 1, is shown in the figures which are based on the payroll reports of some 8,149 employers.

In all, 146,900 people were added to the number of wage-earners in Canada by these firms from April 1 to Dec. 1. During that period the index number of employment (based on 1926 at 100) jumped 15.8 points or 20.8 per cent from year's low of 76.0 to 91.8.

Payrolls were increased in the prairie provinces by 13,600 and in British Columbia by 13,900.

## Ask For Legislation For An Agricultural Products Marketing Act

Moore Jaw.—Strong delegations from producer organizations in all four western provinces combined to make the annual meeting of the Western Canadian Livestock Union the most representative of recent years. The Manitoba delegation was headed by Hon. D. MacKenzie, minister of agriculture, and the Alberta delegation by H. A. Craig, deputy minister of agriculture.

R. H. Milliken, K.C., Regina, secretary of national marketing organizations now asking for Dominion legislation for an agricultural products marketing act, explained the basis of his demands. The Dominion government is being asked to provide legislation which will enable provincial legislation to be passed upon request of an organized marketing organization, giving such an organization the right to deduct money from produce handled and sold with which to carry on the business of the association, and the right to prevent exports from the province through other trade channels. The right to prevent imports into the province is also being asked, but regulations also would be with the Dominion government.

Mr. Milliken explained that these requests were distinct from the demands of the wheat pools, and were asking for an export board to look after the needs of the world market.

He explained that if the Dominion government granted the marketing act, no provincial act could come in

### Trappers Are On Rations

Winter Trails To North Impossible And Supplies Are Depleted

Prince Albert, Sask.—Northern trappers and traders are on rations as overland freights, halted by unprecedented difficulties of travel, are a month and a half late in arriving at Lac La Ronge and other trading centres.

Heavy falls of snow which came before frosts had provided a solid covering for northern muskies have rendered heavily travelled winter trails impassable. Horses, floundering in the slush, and drivers and helpers, wet to their waists have battled through only to the north end of Montreal lake, slightly more than half the distance to the principal northern point.

Fresh frosts harden the broken trail, but there still remains 70 miles, mostly over muskies, to be broken.

Flour and sugar are becoming a rarity in many northern camps and trading posts were out of many of the staple commodities until aeroplanes, pressed into service in emergency, have commenced to bring relief.

### Stratosphere Flights Planned

Two Announced By U.S. National Geographic Society

Washington.—Plans for two new stratosphere flights with the largest balloon ever constructed, designed to reach an altitude of 15 miles, have been announced by the National Geographic society and army air corps. The two ascents, scheduled for June and September, will seek to reach the greatest height to which it is practicable for a balloon to lift a man. The crew of the new stratosphere balloon will consist of Captain Albert W. Stevens, noted observer and photographer of the air corps, and Major William Kepner, air corps balloon expert, with First Lieutenant Orvil A. Anderson, air corps, as alternate.

General Currie's Horse Dies

Montreal.—Barely a month and a half after his master died, mourned by the multitude that knew him in war and peace, General Sir Arthur Currie's cherished charger—Brook—died unknown to anybody in his stall at Sir Arthur's brother's farm at Strathroy, Ont., it was learned here.

### Earthquake Takes Heavy Toll

Report From India States 2,000 Killed

Calcutta.—Reports of damage and loss of life far beyond original estimates flowed into Calcutta from all parts of India shaken in violent earthquakes on January 15. These unconfirmed reports indicated an estimate of 2,000 dead would not be excessive.

Known dead stood at 1,122 as officials awaited further word from stricken areas, particularly Murshidapur, Jamalpur, Patna, Dehwaras and Bankura.

Hundreds were reported killed in Murshidapur. Deposited in its streets were littered with corpses.

Relief was being speeded to cities which suffered most heavily from the quake. Tents and provisions were despatched to Jamalpur where 33 were killed and 130 buildings destroyed. The populace in the Patna district, fearing further shocks, were living in the open. In that region 56 were killed. Mild shocks continued but were nothing in comparison to the first one which rocked all India.

### Aviator's Strange Experience

Encountered Weather So Warm Grease Melted On Plane

Edmonton.—One more example of the almost unbelievable flying conditions of the far north country must endure in cited by Pilot W. Leigh Brimble, president of Mackenzie Air Services, on his return to the city after two flights into the Nahanni river country, north-west of Fort Simpson. On his second flight into the country, carrying a party of mining engineers, Brimble took off from Simpson in weather nearly 70 below zero.

As the flight progressed into the mysterious Nahanni, land, he flew into a "Calmok," a warm current which apparently swept in over the mountains from some part of the Japan current. Within a short time the air was so warm that heavy grease, plastered on the shock-absorbing springs of his ski-landed landing gear, melted and ran down the undercarriage.

### Livestock Business Better

Indications Point To Firm Prices For Some Time

Regina.—Vincent R. Campbell, Calgary, formerly of Moose Jaw and Regina, who is with the beef grading division, Dominion livestock branch, said there was a noticeable upturn in the livestock business during the past few months, and from present indications prices would remain firm for some time.

Greater interest is being taken in producing livestock that will measure up to standard requirements, and he says there has been a great improvement in the quality of beef cattle, and bacon hogs during the past two years.

### OPENS CAMPAIGN

Prime Minister Ramsay MacDonald has opened a speaking campaign to explain the aims of the National government to electors of the coming election. He will speak at Leeds this week.

### Car Loadings Increase

Marked Improvement In General Industrial Conditions

Ottawa.—"A period of one week or even of two weeks is rather short upon which to base conclusions, but car loadings for the first two weeks of this year have shown such remarkable increases over the first two weeks of last year that even the most conservative might concede they indicate a marked improvement in general industrial conditions in Canada," says Hon. H. H. Stevens, minister of trade and commerce, in a statement issued Friday.

"The Dominion bureau of statistics has reported that loading for the first week of 1934 were 7,689 cars, or 28 per cent heavier than in 1933, and for the second week ended January 13, the total of 41,389 cars was 8,763 or 27 per cent heavier than last year. This total is higher than for any total for the first 32 weeks of last year."

"The much colder weather undoubtedly affected the increase in coal loadings of 1,151 cars, but all other commodities showed increases, miscellaneous freight leading with an increase of 7,271."

### Will Eliminate Competition

Fishermen Agree To Hold Fishing Seasons At Different Times

Winnipeg.—Agreements for elimination of competitive fishing seasons in the lakes of Ontario, Manitoba, Saskatchewan and Alberta were tentatively arrived at at the inter-provincial fisheries conference called by Hon. J. S. McDiarmid, minister of natural resources for Manitoba. Instead of fishing seasons of the different provinces being held simultaneously, it was agreed they should be held as far as possible at different times so wasteful flooding of the market would be eliminated.

## Plan Program To Induce Farmers To Curb Wheat Production

### Anticipate Change In Dollar

Parliament May Be Asked To Reduce Gold Content

Toronto.—The Toronto Globe in a special despatch from its Ottawa correspondent said parliament will be asked, according to belief in cabinet circles, to reduce the gold content of the Canadian dollar.

The Globe said: "The adoption by statute of such a lower gold content for the Canadian dollar would, undoubtedly, have widespread reaction. It would in the time reduce by one-third the burden of all indebtedness payable in Canadian currency, and would tend to increase prices of commodities in the domestic trade of Canada in similar proportion."

The newspaper said there was now agitation in favor of parliament fixing a new gold standard "of say, 14 grains or 15 grains of pure gold to the dollar."

The present statutory gold content of the dollar is 23.22 grains.

### Finds Old Base

Commander Byrd Surveys Old Camp In Antarctic Wastes

Little America, Antarctica.—Rear-Admiral Richard E. Byrd returned to his "home" in these frozen wastes with members of his second Antarctic expedition and found that "it's all there."

After a three-months' cruise from Boston and an absence of about four years, the commander and his men happily surveyed the old base and at once prepared to dig in again, preliminary to further explorations.

"It's all there," Admiral Byrd shouted when a landing party found the three 60-foot wireless towers of the camp intact and the buildings covered with snow.

The flagship lay within the glittering barrier walls of the Bay of Whales.

### Inter-Empire Trade

Viscount Craigavon Opposes Canadian Foodstuffs Exhibition

Belfast.—With a brief speech emphasizing the benefits of inter-empire trade, Viscount Craigavon, premier of Northern Ireland, accompanied by Viscountess Craigavon, opened an exhibition of Canadian foodstuffs under the auspices of the Canadian government. The exhibition will continue two weeks.

Lord Craigavon declared it would make a tremendous difference to the British Empire if the various dominions could each other's goods as well as trading as much as possible with the mother country.

Ottawa.—In the next few weeks the wheat-growing provinces will supply the Dominion government with estimates of the acreage likely to be sown to wheat next spring and also an estimate of the amount of damage likely to be caused by grasshoppers.

On its part the Dominion government, when it gets the estimates, will draw up legislation to meet the problem and submit it to the provinces for approval.

Owing to low prices and lack of machinery on the part of hard-pressed farmers it is expected somewhat less wheat would be sown on the prairie this year in any case. By means of a propaganda campaign it is hoped to induce the farmers to make a further curtailment voluntarily.

The propaganda will likely stress the advantage of a higher price and the possibility of attaining it through a slight reduction in production.

### Cruising In Lifeboat

Norwegian Making Second Attempt Crossing In Craft

Halifax.—Somewhere in mid-Atlantic a frail little shell of a boat is plowing along between Africa and South America. Aboard is Alfons Hansen, with his dog and cat. The navigator is heading for Rio de Janeiro from Sierra Leone, in Africa. A postcard to a friend here brought word of his latest venture. Their craft is a lifeboat decked over and equipped with sails. In it the strange trio has already crossed the Atlantic once—from Hansen's native Norway to North America.

### Adopt White Baby

Chinese In Vancouver Legally Adopt Six-Months-Old Child

Vancouver.—Leave to adopt a six-months-old white boy was given a Chinese couple in supreme court by Mr. Justice D. A. McDonald.

The foster parents are Lim Won, proprietor of a Victoria greenhouse, 42, and his wife, Lim Loo Shee, aged 28.

The boy will bear the name of Bryan Denis Lim, and will be brought up in the religion of his foster parents, who are Protestants.

### Informers Get Prize

Toronto.—As a "common informer," Leslie Saunders, telephone employee, of Niagara Falls, was awarded an automobile won by William Mollisen, bank clerk, in a draw held at a service club carnival last July. Mr. Justice Charles Garrow, in Osgoode hall, made the award.

### BANK CRASH CAUSES TROUBLE FOR FRENCH CABINET

ALEXANDRE STAVISKY ALBERT DALADIER

Facing a chamber of angry deputies, Premier Chautemps was forced to defend his regime from corruption charges as a result of the gigantic Bayonne Pawnshop swindle, while mobs rioted outside the Chamber in Paris. Boldly scoffing at the police assertion that Alexandre Stavisky, central figure in the bank crash, committed suicide, influential Parisian papers demand a full investigation of the case, known throughout France as "L'affaire Stavisky." Already one Cabinet Minister, Albert Daladier, Minister of Colonies, has resigned over his connection with the case, and Joseph Caillaux, Mayor of Bayonne, is under arrest. What the French people want to know is how Stavisky, a native of Russia, known to the police as an inveterate swindler and forger, was allowed to operate for years, perpetrating frauds that will cause a loss of \$31,000,000 to investors. High political influence is hinted and sensational disclosures predicted.

## West Would Welcome Commission To Probe The Economic Condition

Ottawa.—While every avenue offering a hope for rehabilitation of provincial finances so that they may become independent of federal aid, is being explored, the consensus of the Dominion-provincial conference is that no province will be allowed to default. This was learned authoritatively.

Delegates labored long taking up the joint suggestion of Alberta and Saskatchewan for short term agricultural credits, and Saskatchewan's suggestion for enlargement of the assisted land settlement scheme.

Greater colonization efforts were forecast by some of the delegates after the discussion.

Land settlement as method of unemployment relief has proven highly satisfactory in the opinion of representatives of all the provinces of Canada attending the conference.

Less than 10 per cent of the unemployed families settled on land throughout Canada under the various "back-to-the-land" schemes, have met with failure, it was reported. Some conference highlights:

Suggestion from British Columbia that the Canadian National Railway should be placed under federal control.

Another request from British Columbia for an economic commission to inquire into the treatment accord-

ed that province as compared with others, was also turned down.

Unemployment and financial problems discussed by committee under chairmanship of Hon. J. E. Brownlee, premier of Alberta.

Suggestion that a commission be appointed to study reallocation of taxation fields given consideration.

Agreement reached to appoint a sub-committee of the Dominion cabinet to look into the Duncan report on maritime claims and ascertain if it may be fully implemented.

Proposed marketing board discussed it was intimated that legislation bearing on this might be introduced at the forthcoming session.

The west would welcome the appointment of a commission to examine into economic and financial condition in the prairie provinces, it was learned from several western delegates. The commission the westerners had in mind would be one similar to the Duncan commission which conducted a survey into conditions in the maritime provinces.

In view of the much unfavorable condition in the east about the west and its position, economic and financial, the appointment of a commission would be welcomed, a prominent western delegate stated.

### NOTES AND COMMENTS

**ELECTIONS** for mayor, councillors and school trustees will cause thinking ratepayers to reflect on the record of those who have held these offices during the past year. The majority will agree it has been a year of harmony in municipal government, with every effort possible made to furnish work for unemployed, without unduly adding to the taxes.

IT IS THE PRIVILEGE of any qualified ratepayer to offer himself for public office; likewise it is the privilege of ratepayers to support whom they please. Yet, if there are no controversial issues involved, most people will agree to filling vacancies by acclamation.

THE MOST IMPORTANT business of the council this year will in all probability be the renewal of the franchise for light and water, held during the past ten years by Coleman Light and Water Co. Ltd. It may call for considerable discussion between the council and the company, therefore one should be taken by ratepayers to return to office men whose records show they are capable of administering town and school affairs with impartiality and business ability.

WHEN A MAN discharges his duty in a faithful and impartial manner and takes good care that the money of those he represents is not wastefully expended, "horse sense" warrants his continuance in a position of trust.

THE ANNUAL MEETINGS of ratepayers for town and school district will not be attended by many. The council chamber accommodates a very small number, and a Burns' anniversary in the community hall will attract many. Pleasure invariably holds more attention than business, especially public business, which is the business of everyone usually left to a few to shoulder the responsibilities.

EVAN MCKOWAN, writer of a column in the *Cranbrook Courier*, would like to see the mayor and councillors of Cranbrook adorned with chains and robes of office. Here is her comment:

"The spectacle of the mayor and aldermen of the city of Glasgow, coming aboard the liner at Greenock to welcome, officially, the Glasgow Reunion party of seven hundred Scots on board, was the first thing that greeted us on our arrival on British soil. And what an official welcome that was! The mayoral robe, cocked hat, heavy gold chain and large official gold key were all there. The aldermen wore like to see the mayor and councillors of Cranbrook adorned with chains and robes of office. Here is her comment:

"True, Mayor Roberts' tweeds have the Bond street stamp. His hats are made by a hatter rather good in the hatter line. But that is not good enough. We would like to see him meet a delegation or a Cranbrook reunion party or a governor-general or something with the advantages of velvet, gold braid, gold key and all the rest of it.

"And there is no doubt but that Alderman Scott and Alderman Collier would be svelt; and alluring in those aldermanic robes; that Aldermen Little, Balmont and Flowers would be much chicker trimmed up with some gold lace and so forth, and that one of those three cornered, gold trimmed hats, which so effectively conceal the coiffure, would be le dernier cri or even more than that, on Alderman Attridge."

THESE COMMENTS remind the writer of a visit to Prince Edward Island some years ago. The newspaper men were met at the entrance to the banquet hall by the mayor of the town. He was attired in frock coat, high hat and white kid gloves, and presented each with his business card as he shook hands. Mixing business with pleasure he evidently decided was not out of place, yet the visitors had some difficulty in concealing their mirth. Nobody had an excuse for not knowing the mayor and his line of business.

Education polishes good natures and corrects bad ones.

Egotism is an alphabet of one letter.

### BUSINESS BEGINS AT HOME

Those who solicit the support of Coleman people in business, or in efforts to raise money should at least set the good example of carrying their advertising in *The Journal*. It is Coleman people who respond to these appeals. "Be loyal to your own community," is a fine slogan; don't be gulled on the strength of so much "honey".

Useless forms of advertising are frequently put up to merchants, which, if promoted by the local newspaper office, would be looked on as just a racket to raise money. In truth, that is all many of these so-called advertising schemes are. Those behind them have no interest in the town than the price of mail tickets. Community service on their part is an unknown quantity, but they always manage to find "pickings".

### ST. PAUL'S UNITED CHURCH

On Sunday morning, Jan. 28th, Mr. Taylor will continue the series of sermons on the "Friends and Followers of Jesus". The subject for the sermon will be "John—the Disciple who was nearest of all to Jesus." The junior choir will lead the singing. The Sunday school sessions at 12:15. The attendance is increasing. Come and add one more to the number.

At the evening worship the third sermon in the series "Man Sent From God" will be on the "Life and Work of John Knox, the Scottish Reformer." Come and worship with us; you will be made welcome.

Do not forget the annual congregational meeting on Monday evening Jan. 29 at 7:15 in the church. Full reports of the year's work will be given and election of members to the Official Board will take place. Rev. Roy Taylor, Minister.

Editor Bartlett's humor frequently causes a smile. Here's his latest:

"When Tom J. entered a local store and offered five cents for the privilege of placing a meeting notice, in the window, the proprietor replied: 'If you want advertising for a nickel, go to the Herald!'"

Were we to state that The Enterprise entered every home in Blairmore or the Crown's Nest Pass, how many business people would believe it? Yet they do swallow such guff peddled them by others, whose word is no more reliable than ours. When The Enterprise states that it has a circulation of so many hundreds in Blairmore and other towns, and our subscription list is open to inspection by any one really interested in advertising, it is a proven fact.

### HOCKEY'S HOLD ON CANADIANS STRONG

Hockey must have a great hold on the fans of northwestern Canada, as games were played there recently with the thermometer registering between 14 and 36 degrees below zero. Followers of the National Hockey League will be interested to know that (Norman "Dutch" Gaimor, formerly with the Boston Bruins, is leading the league with 10 goals and eight assists to his credit, and it is generally believed that he will soon be back in the major circuit—Christian Science Monitor Sports Page

### ANNOUNCEMENT

Mr. Melville Anderson, of Anderson & McLean, sight specialists, Calgary, announces his next visit. To G. R. Powell's, Coleman, on

Tuesday, January 30, 1934  
20 years' experience and regular visits assure you of satisfaction in all optical work.

He is above his enemies that despises their injuries.

Expect to be treated as you have treated others.

## News Notes From Hillcrest Mines

Miss Irene Beloposky was married to W. Hollenbac at Bellevue on Wednesday, Jan. 17, Rev. Father Donovan officiating.

Mr. Hunger was injured by a fall of coal in Hillcrest mine on Jan. 17. He is in the hospital at present.

Hillcrest Juniors hockey team defeated the pick of the town 8-4 in a fast game on Jan. 21. It was the Juniors fourth successive win, neither have they suffered a defeat.

The "Carol Singers" and friends of the Catholic church held a party on Friday, Jan. 19. Whist was played, winners being Mrs. W. Hollenbac, ladies first; John Elick, men's first. Dancing continued till early morning.

Miss Fife D'Ercole returned to her school at Coultis on Sunday morning. Numerous friends accompanied her to the station to bid her farewell.

Hillcrest School District will hold its annual ratepayers meeting on Monday, Jan. 29.

Advertisements or news items for this page may be handed to Douglas Norton, Hillcrest.

## It is Generally Agreed Among Advertisers

that the distorted, poorly printed and often near-offensive type of advertising is practically a waste of money. People will not read advertising unless it instantly attracts their interest. That is why we furnish cuts and employ men experienced in the art of typography to give the best possible set-up to advertising material, both for newspaper and poster advertising.

You get best advertising value in a recognized newspaper which is appreciated sufficiently to be taken into the homes and read from beginning to end.

BELLEVUE  
MAPLE LEAFS

at Bellevue Arena

Monday, January 29, 1934

Turn out, Coleman, and Cheer Your Home Team  
Bellevue Will Welcome You!

### Bellevue Experienced Heavy Wind

Saturday's wind was the cause of many cars and trucks coming to grief. A government truck driven by Pete Gregory turned over. One of the boys in the truck had a broken arm, while others had narrow escapes.

John Kubasek, who will represent the Maple Leaf Union U.M.W.A. left last week for Indianapolis, Ind. John intends staying over a few days at Chicago visiting relations who are living there.

Robt. Levitt, district president of the U.M.W.A., was a business visitor last week. Bob left for Indianapolis Saturday morning.

The Bellevue Maple Leafs went down to Macleod on Saturday to give the Stellarenes a game. The locals were trimmed to the tune of 3-0. The boys say that Macleod sure has some hockey team, and are looking forward for the Stellarenes return game, which is to be arranged some time in the near future.

Bill Kerr and his rink came back from the district bonspiel with a third and fourth prize. The boys on Bill's rink say "we'll be there again next year." They report a good time.

The Bellevue mine has been trying to break the depression of late. The men will have nine shifts for the coming pay; this is the best for over two years. We all hope they will keep it up.

R. T. Johnson and daughter, Mr. Les Cousins, returned from Calgary, where they have been on business for the past week.

We notice the members of the Maple Leaf hockey team are sporting around with a new outfit, and they sure look some class, like the old days, green and white.

Bill Cole started out for Hillcrest Saturday. The wind came along and Bill found himself back in town again, but we hear he made it after a second try.

### BELLEVUE REBEKAH LODGE INSTALLATION

Ray of Hope Lodge No. 67 installation was held on Wed., Jan. 10. The installing officers were Sister E. Hope, district deputy president assisted by Sister E. Emmerson, deputy marshal; Sister Morency, deputy warden; Sister Archer, deputy secretary; Sister Warner, deputy treasurer; Sister Hallworth, deputy chaplain.

Officers installed were: LPNG, Sister Radford; N.G. Sister Dowson; V.G. Sister Litherland; secretary, Sister M. McEachern; financial secretary, Sister Milnes; treasurer, Sister V. Milnes.

After the lodge closed the social committee served lunch. This completed the three lodges of district 16 at which installations were held.

### Here and There

Twenty-nine men and seven women who pioneered Alberta trails died in the present year. All of them saw the west when it was young, the west that existed before 1885. The current year marks the half century since the Canadian Pacific came to Calgary.

Selling for New York December 14, the 42,500-ton white-hulled Empress of Britain left on a Christmas and New Year's holiday cruise for the West Indies, December 22, returning to New York January 8 and sailing again January 4 for a 4½-month cruise around the world.

Among the "Believe It or Not" facts well known to the generality of newspaper readers, may be added the statement of S. G. Hibben, of the Westinghouse Light Company, made recently in an address at the Royal York Hotel, Toronto that "today there are some 10,000 different kinds of artificial light sources."

Approximately 78,000 people own the Canadian Pacific Railway through their ownership of the company's common stock. Of these, 36,000 live in Canada. Of the balance, 21,000 live in other parts of the British Empire, mostly in England, with 16,000 in the United States and 5,000 in other countries, mostly continental Europe.

## WORLD HAPPENINGS BRIEFLY TOLD

The Film Lion board of trade is backing The Fox and Cranberry Portage in their renewed fight for a highway outlet to the prairies.

Madame Helena, wife of the noted pianist, Ignace Jan Paderewski, died Jan. 16, at their villa in Morges, Switzerland. She was 74 years old.

The Communist Stephan Kaytur, sentenced to death for slaying a Nazi storm trooper, hanged himself in prison.

Georges Jeanniot, noted artist and illustrator of the books of Victor Hugo, Guy De Maupassant and Emile Zola, died in Paris recently, at the age of 85.

Following his visit to South Africa, Prince George, youngest son of his majesty is expected to make a six-month journey to Australia without, however, touching Canada.

Lord Rothermere's advocacy of Fascism as a form of government for the United Kingdom was denounced in a slashing editorial by the Daily Herald, official organ of the Labor party.

In the past four months beet growers in southern Alberta have received nearly \$1,000,000 in crop payments. This includes final payment on the 1932 crop. A final instalment of \$87,000 on the 1933 crop was paid Jan. 13.

A new record for a flight between Edmonton and Winnipeg has been established by Pilot G. N. Forester, of Canadian Airways. Recently he laid his plane down in Winnipeg five hours and five minutes out of the Alberta city, 700 miles away.

Wireless sets for the police of London seemed a good idea until they were tried. Experiments have shown that they are not practicable in London and other large cities where transmission of messages is rendered uncertain by atmospheric conditions and electrical disturbances.

**Managed As Business**  
James A. Farley, American Postmaster General, is in London trying to find out how John Bull can run his system with a profit of \$53,000,000 in 1931-32 and \$45,000,000 in 1932-33, whereas Uncle Sam in the same two periods had deficits of \$115,000,000 and \$104,000,000. The answer is that British utilities are run on a business basis.

Argentina and Brazil have just signed a commercial treaty.

Germany's birth rate has dropped to 17.13 per 1,000.

## May Overcome Obstacle

**New Plane Designed To Deal With "Hard" Air**  
The design of an aeroplane to fly 544 miles an hour, close to the speed of sound, 122 miles over the world's record and using existing engines has been made public.

The design deals with air which gets "hard" under the compression of great speed. Present-day planes are said to stand already at the threshold of this obstacle to super speeds.

The new model comes from high aeronautical authority. The author is John Stack, engineer at Langley Field, Virginia, for the national advisory committee for aeronautics.

This hypothetical plane meets hardened air by slight refinements in streamlining and cleaning its surface of even small projections. In shape it differs only slightly from the transport planes now used on transcontinental airways. It is a mid-wing, cantilever monoplane.

**Overlooked One Thing**

A young man stammering proposed to the daughter of the house and was accepted. A few minutes later the girl's mother, a powerful woman, bore down upon him, and with a proprietorial smile remarked, "So you are going to become my son-in-law are you?" "Good heavens," said the young man in a scared whisper, "I hadn't thought of that."

**Entry For Good Book**

Act Of Manitoba Phys-ician Would Go On Credit Side—

If somewhere in some other better world a respectable anglo-juda down our good and had been there must have been an entry on our credit side in a recent week. It was the story, told in a Winnipeg dispatch, of a physician for the Department of Indian Affairs traversing 100 miles of wild-swamp country in his ski-equipped snowmobile, carrying with him tons of food for Indian children in a northern Indian settlement.

And such acts are not uncommon. We hear much about the decadence of this age, about its ruthless materialism, and what not. Yet the truth is that there has never been a period in the world's history with as much of real humanity, with as much of the spirit of compassion and pity and kindness. Ottawa Journal.

Ballymoney, Ireland, has just sold its horse ambulance for \$10 and bought a motor vehicle.

**MORE BACCO FOR THE SAME MONEY and Poker Hands, too**

**Marvels of the Human Eye**  
By F. M. CROWE, Optometrist-Optician, Calgary

## NO. 6—ASTIGMATISM

We now come to a very common defect of the eye, one little understood by the public many of whom consider it a visible inflammatory condition or disease or that it is a temporary ailment, which is not so. The simplest explanation of Astigmatism would be to describe it as an eyeball in which one or both refractive surfaces (Lens and Cornea) are not symmetrically curved. Try and visualize a perfectly round ball of glass from which you cut a slice. Now the Cornea of the eye should be as equally curved in all meridians as that slice of glass and when it is not, the condition is known as Astigmatism. It is usually congenital but may be acquired by a blow or result from a scar after an ulcer has healed. It is also considered probable that many cases of Astigmatism have resulted from undue pressure on the eyeball in infancy by the parent washing the child's eyes, also by the children rubbing their eyes by the horizontal direction in which vision is usually in the horizontal direction that Astigmatism (tornly curved) Lens is usually due to the muscles forcing it to assume a shape which will, as near as possible, effect or neutralize the malformed Cornea. in the interests of good vision.

We have seen that rays of light from any object, to be seen clearly and comfortably, must focus on the Retina and to do so must pass through symmetrically curved surfaces which you see is impossible where Astigmatism exists because the focus is a blurred line instead of a sharp point. The poor vision which would result from Astigmatism of moderate amount is often overcome by the above action of the Lens. The third motor nerve sends power to the Ciliary muscle (which controls the action of the Lens) and the Lens forced into an unnatural shape in the effort to obtain a clear brain image. But imagine, if you can, the excessive amount of nerve energy used up by such eyes for say sixteen hours daily year after year. Is it any wonder such people eventually break down under the strain.

Some symptoms of Astigmatism are headaches, nervousness, irritability, loss of "pep", tilting of the head to see better, nausea, indigestion, chronic constipation and even St. Vitus' Dance. Different individuals are differently affected. The symptoms occurring in an individual

depend upon the age, temperament, physique and occupation. Strange as it may seem the discomfort experienced as a result of Astigmatism is not at all in proportion to the amount of error. In fact it usually bears the reverse ratio as we find the better the vision, the greater the eye-strain where a small amount of error exists. It is estimated that normal eyes see about thirty-five per cent of the nerve energy of a normal body. How much is used by eyes that are abnormal? Could a body remain healthy under such circumstances? You answer.

We have no more reason to expect the eyes to be perfect than the features or any other organ. Neither are they so and few eyes are without some degree of Astigmatism. A small amount can be tolerated by many without discomfort especially in outdoor occupations, but the present age of excessive close work, study, reading for pleasure, strong electric light, moving pictures and "glances" from almost everything we look at, all tend to manifest the defects in the human eye. It is doubtful if our forefathers were aware of their own eyes. The eyes of this generation but they lived differently, ate differently, retired earlier, had plenty of soothing green grass and trees to meet their gaze instead of the reflections from city pavements and auto radiators, store windows, etc. What artificial light they used was coal oil or gas, not electricity which is charged with rays harmful to the eyes.

Am I advocating a return to the old condition of things? By no means. I am merely pointing out that "eye-conditions" and many ailments remote from, yet due to eye conditions, is part of the price we are paying for advancing civilization.

It has taken quite a time for me to tell you the worst. Now comes much better news. Science has again come to our aid in the form of instruments which, in the hands of a skillful optometrist, measures the amount and kind of Astigmatism and other eye defects—also machinery for grinding special lenses which when worn entirely neutralizes the effects of the abnormal conditions with resultant normal vision, normal amount of nerve energy used for the eyes leaving all Astigmatism with their proper share. The unpleasant eye and bodily symptoms disappear, work is more efficient and life is enjoyed instead of tolerated.

(To Be Continued)

**Oxford Accent**

Graduates Have Done Nothing To Deserve The Insult

"How much longer are we undergraduates to bear the blame for the Oxford accent?" asks an editorial in the Isis, the Oxford university undergraduate magazine.

"We have done nothing to deserve this insult," the editorial adds. "Our speech may be careless and probably ungrammatical but it is not tainted by the so-called Oxford accent. Let the purist call it the Park Lane drawl, the Balliol drawl or any name except that of Oxford."

**A Few Sips—A Few Cents—Coughs, Colds Gone**

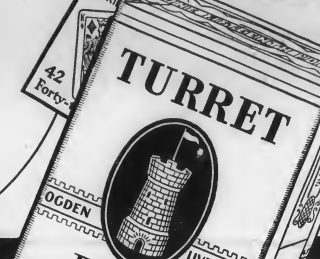

BUCKLEY'S MINTURE is not a cheap preparation, but it takes so little of it to completely banish a cough or cold that it costs less than any other preparation.

Buckley's is so marvelously good that one does not know when it is over. It may cure your cough or cold entirely. Goodbye to the annoying symptoms of the cold. Take Buckley's. It means safe, sure, instant relief from cough, cold, flu or bronchitis. "It acts like a flash—a single sip proves it."

For more information, Buckley's is sold everywhere.

## THE BEST WAY TO GET FREE CIGARETTE PAPERS

Exchange the Poker Hands you get with Turret Fine Cut for "Vogue" or "Chanticleer" cigarette papers at our Winnipeg Dispensaries. Scores or by mail—5 large boxes of these better papers free for just one complete set of Poker Hands.

## RECIPES FOR THIS WEEK

(By Betty Barclay)

### PRUNE WHIP

3 cups cooked prunes  
4 slices pineapple  
1 tablespoon granulated gelatin  
1 cup combined prune and pineapple juice  
18 marshmallows  
1/2 pint whipping cream  
1 teaspoon vanilla.

Pit prunes and cut into pieces. Cut pineapple into pieces. Soften gelatin in 1/4 cup of the fruit juice, boil remaining juice and dissolve softened gelatin in it. Cut marshmallows into pieces, whip cream, and when the gelatin begins to set combine with other ingredients. Blend thoroughly; chill and serve in glasses.

### TURKEY CROQUETTES

4 tablespoons quick-cooking tapioca  
1/4 teaspoon salt  
1 1/2 cups hot turkey or chicken stock  
2 cups cooked turkey, finely chopped  
1 egg, beaten with 3 tablespoons milk or stock  
and 1/4 teaspoon salt

Sifted bread crumbs

Add quick-cooking tapioca and salt to stock, and cook in double boiler 15 minutes, or until tapioca is clear and mixture thickened, stirring frequently. Add turkey and cook 5 minutes longer. Chill. Shape into cones. Dip in egg, roll in crumbs, and fry in deep fat (380 degrees F.) 1 minute, or until golden brown. Drain. Serve with tart red jelly. Garnish with parsley. Makes 10 to 12 croquettes.

### Would Catch Sea Serpent

**Deep-Sea Fishermen Submit Plan To Victoria People**

George P. Wilson, experienced deep-sea fisherman of San Diego, Calif., has proposed a method of catching caladosaurus, hero of many Victoria sea serpent stories.

Wilson advises use of raw meat or a large fish as bait. He suggests a barbed hook at least a foot long and six inches wide attached to 50 feet of half-inch steel cable, then 50 yards of one-inch manila rope. The rope would be attached to a 50-gallon watertight oil drum and another 50 yards of manila rope would lead to a second drum. The entire "line" would be trailed from a motorboat.

"Once caught," said Wilson, "Caddy would find his progress handicapped by two heavy drums if he had designs on the bait. If he dived and had sufficient strength to drag the barrels under, they would soon force him to the surface. In time, he would become exhausted and his captors could easily tow him ashore."

It is estimated that if all the ice of Greenland and Antarctica should melt, ocean water would be added to the oceans to raise the level 150 feet. This would drown out most of the world's great seaports.

In the first eight months of this year 20,000,000 tons of shipping passed through the Suez Canal, a large increase over the same period of 1932.

## SUNDAY SCHOOL LESSON

JANUARY 28

### STANDARDS OF THE KINGDOM

Golden Text: "Blessed are the pure in heart: for they shall see God." Matthew 5:8.

Lesson: Matthew 5:1-48.

Devotional Reading: Psalm 15.

### Explanations and Comments

Receipts for Blessings, verses 3-10. "Blessed," with this word Jesus began each of the "Beatitudes," as we call these verses, from Beati, Blessed, the word with which they begin in the Latin version. Blessed means something more than happy; it implies a deeper, holier joy. Happiness may seem to depend upon circumstances, upon what one has or does; blessedness always depends upon relationship to God, upon what one is. "Blessedness," writes B. C. Caffin, "is inward and abiding; outward prosperity cannot give it, nor can adversity take it away. It is like the depths of the ocean: the surface is changeable, sometimes calm and waveless, sometimes tossed higher and lower by the restlessness of winds; while deep below there is ever the same changeless rest, silence and peace."

"Who are you blessed? The poor in spirit, said Jesus. "Poor in spirit" is in no sense poor-spirited; rather is it the truest manliness. The poor in spirit are the humble-minded, who are conscious of their need of God. "The gospel has never had any power with people who want nothing better than what they have, nor with those who, being great in need—as indeed we all are—have never known it. The gospel comes into the world, so the Beatitudes teach us, not through the door of pride, but the door of humility; not down the road of satisfaction, but the road of longing" (Glaus Glenn Atkins).

### Bridge Advice Costly

The Dayton News says an argument took place in a women's bridge game—as they often do. A technical question of cutting the cards was referred by the umpire to a New York bridge authority by telegram. The answer came quickly. Next day came a bill from the expert for \$30. The women took it to a lawyer. He charged them \$5 for his advice. Total cost, \$35.

Twenty-four persons who had passed their hundredth birthdays died in Canada in 1933.

## OCCASIONAL WIFE

By EDNA ROSS WEBSTER

Author of "Joretta," "Lipstick Girl" Etc.

### SYNOPSIS

Camilla Hoyt and Peter Anson, young and in love, marry secretly, deciding to live their own lives apart. Peter is able to provide for her. Peter is a young, struggling sculptor trying to win a competition for a scholarship abroad and Camilla is the adopted daughter of a wealthy family. She is not to inherit money, but when she comes of age and is studying commercial art in the hope of landing an agency job. Others in the story are Avis Worth, another wealthy girl who is trying to win Peter, Sylvia Todd, Peter's model, and Gus Matson, his former roommate with whom he has quarrelled. At a party at an exclusive club Peter entertains Camilla's guests with impersonations. When the rest of the members of the party go to a cabaret to continue the gaiety, Peter and Camilla slip off to the beach by themselves and fall asleep on the sand. When they awake it is early morning and Avis and another boy are standing near them. This makes it necessary for Camilla to announce before the party that she and Peter are married. Avis is stunned and Camilla's mother likewise.

(Now On With The Story.)

### CHAPTER XXVII

Camilla's unshaken faith in Peter and her quiet resignation to any opinion or ultimatum, had mollified Mrs. Hoyt, somewhat. She did not disown her as a daughter or command her to leave the Hoyt household, but Camilla decided for herself that it would be the wiser course. She consulted with Rose about renting a small apartment at once.

"I have enough to live on for a few weeks, and I'll surely find work soon," she explained. She had met Rose downtown for the lunch hour and they were facing each other across a little open-topped table in a tea-room, when she told Rose about her marriage to Peter.

"So you're married?" Rose had reproached her. "That's no way to go into business—or marriage, either. You don't know what you are or what you want. Get! Get! If I have your chance to be somebody—talent like you've got and a swell education—I wouldn't look at a man."

"As soon as I get work, Rose, I'll help you to go to night school for that secretarial course," Camilla promised generously.

"That's what I want, all right. And you won't see me hitching up to dingy trucks after me, just when I get in form, either. Single harness for me and a light, fancy load behind that is mostly myself."

"You will forget all those resolutions if you ever fall in love, Rose," Camilla smiled kindly, with her own wisdom.

Rose waved the suggestion aside with a flourish of her fork. "I don't believe in that kind of love anymore than I believe there's a Santa Claus. But say, why do you want to live with me, now? Why don't you go and live with your husband, now that the secret is out?"

"Whether or not it's a secret, has nothing to do with that, Peter and I agreed to live apart until he is

able to take care of me. That may be for a long time yet."

"That's goofy," she said. "Why wouldn't it be better for you to share your incomes and go fifty-fifty? Plenty of couples do that and manage to get along."

"And plenty of them don't. No, Rose, when a girl gives her best to keep house, she has to let down on one of them. Naturally, it's the housekeeping. As a wife, she fails; or at least, home becomes so unpleasant that the man and woman get to thinking it is each other they hate. No, until Peter can take care of me, what he sees of me will be my best. We shall be together for pleasure, just as if we were lovers. That way, we always shall be lovers. And our happiness will be saved for the future."

"Oh, I see," laughed Rose, "you prefer being an occasional wife—something like those occasional chairs and tables they advertise to have around the house for extra use. These work pretty well to be used whenever they're needed. Handy that way, all right."

For an instant, Camilla resented her sister's comparison, then she laughed, also. "Put it that way if you wish I'll add to the metaphor. The occasional chair is not used so much as the old armchair and it's never looking and is treated with more respect. It is the guest chair. That is what I shall be to Peter—his guest-wife."

"Well, it's all right to be a guest and sit in a bright new occasional chair for an evening, but you sure do like to get home again and slouch down in the old armchair that knows every crook and turn of your disposition, even if it is worn to threads on the arms where yours have rested when you're tired."

Camilla was delighted with Rose's sudden burst of droll philosophy. How wise she was, in spite of her limited education and training. She would make a shrewd business woman without a doubt, and Camilla realized that she would sacrifice if necessary, to assure her more training in the position of which she was capable.

"Peter isn't going to be much concerned with comfy armchairs or wives, either, for awhile," she continued. "Right now, he is so busy that he scarcely knows he has a wife. And that's what I have to get used to. I'll have to try harder, and perhaps just take any kind of work to get started. Happen to know of anything at all I could do?"

"Not a thing. If I weren't the only clerk at Doves', I'd be afraid of my own job. Wherever two people are working at the same thing, there's a possibility of elimination these days. You should be glad you have it easy, and forget about huffing for a job that some other girl needs."

"There's nothing fair about that idea. Anyone who has enough ambition and ability to work, has a right to. And I want to leave the Hoyts right away. I want to start being independent, and I'll promise not to be a burden to you. Can't we look for a place on Saturday? Rents are lower now, and I've been noticing the food prices. It won't cost you any more than living at home, you've been wanting to leave. Ed and Henry can take care of the rest all right, and you know Ma told you to do as you wished."

"Oh, sure, I do want to get away, and live more like you do, Camilla. I was only thinking about you. I'm afraid you won't like it, after being used to having everything so grand."

"You just imagine it's grand, honey. You wouldn't think so if you could trade places."

"Well, I wish I could for awhile—that's all. I wouldn't be looking for trouble as you do. All right, then, I'll be seel' you on Saturday. If you have time, you might look around. If you like anything you like, it'll be okay with me. You know with nothing and me with eighteen a week, she shrugged.

Peter looked up from his work to discover Gus Matson standing in the hall as well as to what he can afford doorway, grinning broadly. "Oh, hello!" he exclaimed. "Come in."

Gus sauntered into the room. "Quite a surprise to see me?"

"Yeah. Where have you been all summer?"

"Oh, around. Didn't think you wanted to see me," he dropped into a chair and glanced up surreptitiously.

"That's all over," Peter dismissed the guest. "Sorry you made a fool of yourself."

"Hasn't a fellow a right to make love to a girl if he wants to?"

"Sure. But that's not what I mean, and you know it."

## Beecham's PILLS

The World Famous Remedy for LIVER & STOMACH TROUBLES

"Oh, well, all's fair in love and war," Peter interrupted him sternly.

"That was neither," Peter interrupted him sternly.

"Oh, yeah? Gonna start bossin' me again?"

"I should say not. I wouldn't consider the job again. Is that what you came here for, to offer me a chance to be your guardian again?"

"No — and yes. Fact is, I'm up against it. And I wondered if you could help me a little, Peter, you always were a good scout. I have some work promised after next month, but I gotta eat until then."

"While you finish your piece for the exhibit? It's the same with me."

"Exhibit? Who said I was working for the exhibit?"

"Aren't you?" surprised.

"No. Are you?"

"Why, yes—thought you had the same model."

"Say, you suppose I'm crazy enough to think I have a chance to win anything you enter?"

"I don't know, my dear. Besides, it brings your work to the attention of the right people. That's the reason I'm entering. I'd like to win, of course, but I don't expect it."

### (To Be Continued)

### Marks Anniversary

Three Phases Of History Recalled By Famous War Unit

Three phases of the history of a famous Canadian fighting unit were recalled at Beatty St. Drill Hall, Vancouver, when the British Columbia regiment celebrated its fifth anniversary.

Young men who now form the unit which glories in the name of Duke of Connaught's Own Rifles gave a lively display of their military and physical training and were reminded of the splendid traditions of the regiment by groups which represented the old Sixth Regiment of forty years ago, the famous fighting Tenth Battalion of Great War days and their fellows who carry on today.

An officer, an N.C.O. and a private of each of these phases in the unit's history were unrolled in the dress of their respective periods.

### New Type Of Kitchen

One Feature Is Cupboard That Becomes Dining Table

The American furniture industry opened its 20th annual show in Chicago with everything from bird cages to washing machines on display in the spacious Furniture Mart on Lake Shore drive.

Buyers will find the 1934 kitchen, a distinct innovation.

Besides the stove, cupboard and other appurtenances this kitchen has a "planning desk" wherein the housewife becomes the home executive.

Another novelty is the five-shelf cupboard that becomes a dining room table without even disturbing the dishes on the shelves.

Whitting said he expected the show to mark a revival in the industry.

Jack—Can you sew, cook and keep house?

Alice—Yes, indeed.

Jack—Well, if the worst comes to the worst you oughtn't to have any trouble in getting a job.

A builder who was speaking in public for the first time said: "I am unaccustomed to public speaking. My proper place is on the scaffold."

**Swollen Joints**

### Unusual Situation In China

Women Gain Prominence And Are Growing Men Out

Women, from slug-gong girls to university professors, are so much in the news in China that they are crowding the men out of the picture. The Chinese, long accustomed to keeping their women behind the orchid door, now find them very much in the open. At dinner parties, balls, theatricals, sports events and all public and social functions Chinese women are very much in evidence.

General Han Fu-chu, Governor of Shantung, who is a militarist of the old school, is a convert. On a recent visit to Peking he complained bitterly because officials here spent so much time in the company of women. But on his last inspection tour of his own province he was accompanied by two women propagandists. In all the cities and towns he visited he turned the women loose to tell their sisters to bob their hair and quit binding their feet.

The increasing prominence of women in the news has revived the ancient Chinese legend of a land inhabited entirely by women. Research indicates that the land referred to in the tale was meant to be the Kurile Islands. The yarn has it that in the old days the Kuriles were inhabited by fair women who knew nothing about men.

## THE RHYMING OPTIMIST

By Aline Michaelis

### ENCOUNTER

It happened, after many years, they met. Upon them both Time's hand had worked its change.

A-bout her eyes were shadows faintly blazed.

His mouth was grim, his smile was cold and strange.

Above them hovered the city street's high, weird air.

A back-draw for the stage whereon they met, they stood.

And all around rose shrill, ear-piercing calls.

Yet none more harsh than their recollections mood.

An instant thus two strangers stood. Hand touching hand, a thousand miles apart.

Then suddenly within their spirits blazed.

And fused them once again, loved heart to heart!

So it will ever be between these two. Though next they meet on some sphere far and new.

### Latest Noxious Weed

Ways Sought To Prevent Distribution Of Hoary Peppergrass

The Dominion Seed Branch announced the latest noxious weed seed to appear in Canada, namely, the hoary peppergrass, and in co-operation with provincial Departments of Agriculture is pursuing investigations as to its source and the prevention of its attaining widespread distribution. The seed of this peppergrass was discovered last winter by the Dominion Seed Branch Laboratory at Toronto in one of two samples of Ontario-grown clover seed. It is not new to North America, as it is distributed from coast to coast in the United States. It is also prevalent in New Zealand. The plant is perennial with cord-like root stalks which make it very difficult to eradicate. Casual observers might confuse it with field peppergrass which is fairly common in some of the clover growing areas in Western Ontario, but peppergrass is biennial and therefore much less objectionable. The seeds of the two are much alike.

**Chooses Orchid As Symbol**

Henry Pu-Yi, who soon will be crowned as the emperor of Manchukuo, has adopted the orchid as the imperial symbol of the new monarchy. The orchid will be in contrast to the chrysanthemum, the symbol of the emperor of Japan. The new throne chair and other articles of the Manchukuo Imperial household will be emblazoned with orchids.

### Man's Short Memory

Present Generation Quickly Forgetting Horrors Of Great War

"The Horrors of the Great War," General E. J. Higgins, international leader of the Salvation Army, observes in the London Daily News of recent issue, "are receding from the mind of the present generation, and unless it is possible to create a will to peace based upon moral and spiritual convictions of the peoples of the world, passions will be as readily aroused tomorrow as in 1914, and we shall find ourselves launched upon a 'next war' that will be absolutely catastrophic—indeed the grave of civilization."

If you think General Higgins' analysis is wrong you need not ask any boy or girl under twenty to give his or her impressions of the Great War. Quite likely you, whose recollection of the "war to end war" is so keen will be surprised. Despite history books, even the realism of moving pictures, a glamour of romance seems to be increasing in the picture of war carried by young minds.

Perhaps, as a cynic once remarked, man is the animal that has no memory—Rotarian Magazine.

### Canadim Potatoes In Cyprus

Trial Shipments Produced Greater Yield Than Local Seed

Two years ago a trial shipment of Canadian seed potatoes made to the Island of Cyprus in the Mediterranean through the Dominion Department of Agriculture of Ottawa. The seed, shipped from Charlottetown, P.E.I., consisted of three varieties, namely Queen Mountain, Bliss Triumph, and Irish Cobbler. The yields obtained were considerably greater than those from local seed. The best results were obtained with Green Mountain, and the Cyprus farmers were impressed with the regular germination and growth of the Canadian potatoes.

He: "If we were married, darling, the hours would roll by without our noticing them."

She: "Do you mean we probably wouldn't be able to afford a clock?"

Stirling, Scotland, will have 17-year-old police apprentices.

### Little Helps For This Week

I pray not that Thou shouldst take them out of the world, but that Thou shouldst keep them from the evil.—John 17:15.

In busy mart and crowded street, No less than in the still retreat, Thou Lord art near our souls to

With all a Father's tenderness. Only the individual conscience, and He who is greater than the conscience, can tell where wordiness prevails. Each heart must answer for itself, and at its own risk. That our souls are committed to our own keeping, at our own peril in a world so mixed as this, is the last reason we should slumber over the charge or betray the trust. If only that out to the Infinite is kept open, the inner bond with eternal life preserved, while not one movement of this world's business is interfered with nor one beat of its happiness repressed, with all natural associations dear and cherished, with all human sympathies dear and warm, we shall yet be near the kingdom of heaven. In the world, but not of it, not taken out of it but kept from its evil.—J. H. Thoms.

Students From Many Lands

United States Sends Largest Group This Year To McGill

Students from nearly every country in the world are studying at McGill University this year.

The United States furnished the largest group with undergraduates from 25 states.

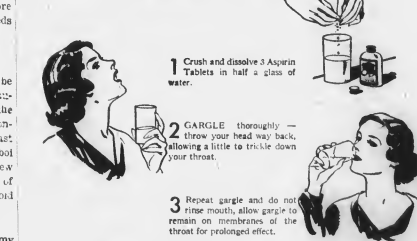

Other countries represented include the British Isles, India, Rhodesia, British Guiana, Australia, Newfoundland, Bermuda, the British West Indies, France, Spain, Switzerland, Germany, China, South America, Hawaii, Porto Rico, and Cuba.

"You pushed your wife out for a second story window through forgetfulness," asked the magistrate.

"Yes, sir; we used to live on the ground floor. I forgot we'd moved."

The red of maple leaves is more brilliant in the autumn if a series of bright sunny days follow sudden cool temperature at night.

## Now! Ease Sore Throat Instantly!

**Remember: Only Medicine Helps Sore Throat**

Modern medical science now throws an entirely new light on sore throat! A way that eases the pain, rawness and irritation in as little as two or three minutes!

It requires medicine—like ASPIRIN—to do these things! That is why throat specialists throughout the world are prescribing this ASPIRIN gargle in place of old-time ways.

Be careful, however, that you get Aspirin Tablets for this purpose.

## Personal and Local

Mrs. Parker, of Lee Lake Ranch, is visiting friends at the coast.

Betty Beveridge held a skating party on Monday night, Jan. 22, to celebrate her 14th birthday.

Mrs. Dewar left Saturday to visit her daughter, Mrs. Donaldson, of Lethbridge.

Ray Frederickson returned to his home at Claresholm on Tuesday after spending part of the winter with his brother, Walter F. Frederickson and wife.

There are some people in every town who have the queer twist of supporting outsiders against their own business houses. One or two business houses are guilty of the same conduct.

Mrs. J. A. McDonald held a bridge party on Friday evening last. The prize winners were Mrs. H. Gardner, Mrs. H. C. McBurney and Mrs. H. T. Halliwell.

4-3 was the score of the game at Bellevue on Monday evening between Bellevue Maple Leafs and Canadians, with an argument thrown in between Cologrosso, Canadians goal-keeper and the goal judge.

Blairmore at Coleman next Wednesday should prove a humdinger of a game. The much-touted Dave Kemp will be in action again as an amateur, after playing professionally for some years. (Dave didn't appear.)

Mr. E. D. Battrum, accountant and official auditor, Calgary, completed the town council audit for 1933, and a copy of the financial report is printed in this issue. Mr. Battrum is a member of the provincial executive of the Boy Scouts in Alberta.

Died at West Coleman, Jan. 23, Agnes, wife of Mr. Horejsi, following a lengthy illness. She leaves besides her husband two young children. The funeral service was held this morning (Thursday) at Holy Ghost church, and burial in the Catholic cemetery.

Out of the west came a heavy blizzard on Tuesday morning, but the temperature was fairly high for the time of the year, the snow forming into slush. The creeks have been running at times during the past two weeks.

Mr. C. R. Powell, while tuning in on the new Victor All-Wave Radio set in his store, picked up Paris on Tuesday morning. This new model can be used for ordinary or short wave reception. He carries an advertisement in this issue.

J. T. Griffiths, maybe holds the speed record for leaving hospital following an operation for removal of appendix. He was sitting up in four days, and spent the remainder of his convalescence at home. He will spend a few days with a brother at Lethbridge.

In buying from those whose advertisements appear in this paper you are buying from progressive merchants who believe in developing home industry, and who support a newspaper which works for Coleman, and whose workmen buy their goods and pay taxes in Coleman.

Speaking of hockey thrills, the Crows Nest Pass league can furnish enough to satisfy the fans and the "hans" of this neck of the woods. With such keen rivalry, spectators of Maple Leafs and New York Americans have nothing on our own home brews. If your a real fan, you can get "het up plenty" cheering the local boys, and moaning when they miss the puck.

RELIEF NURSE—Applications will be received by the undersigned for relief nurse at Coleman Miners Hospital. State qualifications and salary expected.—J. T. Griffiths, Secretary.

## Town of Coleman Financial Statement

FOR THE YEAR ENDING DECEMBER 31, 1933

Calgary, Alberta,  
 23rd January, 1934.

The Mayor and Councillors,  
 The Town of Coleman,  
 Alberta.

Gentlemen:—

In accordance with your instructions and the requirements of The Town Act, I have audited the books and records of the Town of Coleman for the year 1933 and for your information, in addition to completing the regular printed form that is required by the Alberta Government Department of Municipal Affairs, I have also prepared the attached Statements from the records of the Town:

1. Cash Statement for the year 1933.
2. Revenue Statement for the year 1933.
3. Balance Sheet as at 31st December 1933.

The Cash Statement records the details of all the Cash that was received and paid out by the Town during 1933 regardless of what it related to, and this Statement shows that the Town collected \$1113.64 more than it paid out during the year.

The Revenue Statement shows only the Receipts and Expenses that are applicable to the year 1933, regardless whether such receipts or expenses were actually received or paid during the year 1933. This Statement therefore treats the 1933 Town Tax Levy as if it had been received in full by the Town. This Revenue Statement shows that the Town, after making provision for the usual annual Depreciation Allowances on the various Assets of the Town, operated in 1933 at a Surplus of \$60.70.

You will note that not only were the Local Notes

due in 1933 paid in full, but that the remaining Past Due Notes were also paid, together with all the interest thereon, and the Town is now free of debt, and that after providing for a Total Depreciation Reserve amounting to approximately 82% of the Assets of the Town other than Tax Arrears, the Town now has the very satisfactory and substantial Surplus of Assets over Liabilities amounting to \$20,920.29.

The splendid liquid position of the Town Assets at the present time and in contrast to the general prevailing financial conditions in Alberta, is due to the persistent efforts made during the past three years to reduce the Tax Arrears, and the strict economy practised by the Mayor and Council; all disbursements having been strictly scrutinized and care taken to see that full value was received for all money spent.

In accordance with the requirements of the Town Act I visited your office five times during the past year, and beg to report that on each occasion I found the work up to date, the records in balance, and the cash properly deposited to the credit of the Town at the Canadian Bank of Commerce.

You will note that the disbursements account the Saad property exceed the receipts, but the difference was duly collected by the Town Secretary on Sixth of January 1934.

Subject to the foregoing, I certify that, in my opinion, the attached Balance Sheet is properly drawn up to show a true and correct view of the affairs of the Town of Coleman as at 31st December 1933, according to the best of my information, the explanations given to me and as shown by the books and records of the Town.

E. D. BATTRUM, Auditor.
